Carl Franklin - Before you come into the physical earth plane, you have chosen your planetary purpose. Much time and effort is put into writing your script for this lifetime. When you were born, you left your memory behind. In a Life Script Reading, you and the intuit enter into the Temple that holds the Akashic Records. It is here that together you look at your life script. The life script holds the growth you are here to attain and the service you are to render. You can then evaluate what you have already completed and what you have yet to do. You will be checked for Crystal/Indigo energy, how many Guides/Masters are over-lighting you, how much time you spend in the 3rd, 4th, and 5th dimensions and balance of your masculine/feminine and head/heart. Family members can be checked for Crystal/Indigo energy without being present.

Life Script - \$70 for 45 min (Tape recording included)

Ortrun Franklin - The Spirit Realm has the answers to your questions! Do you have any questions about areas of your life such as: relationships, work, finance, your future, your purpose, what energies are around you. How many work with you from the Spirit Realm or how much time you spend on higher levels of consciousness is discovered. By tapping into the Higher Realm, answers are given, not only intuitively, but also visibly through the divination tool. This brings about new understanding and clarity of who you truly are and the assistance that you have earned. With this new information, you now have the tools to enhance and bring into manifestation that which you desire in your life.

Spiritual Divination - \$50 for 30 min. (Tape recording included)

Virginia Gilpin has been working in the field of metaphysics for over 20 years. She offers Spiritual Direction for those going through grieving processes and relationship challenges. In 2005, Virginia received the BLESSING of a Crystal Bed from the Healing & Holy Spirits that work at the Casa Dom Inacio, run by John of God Casa. She helps clients connect to the world of spirit by means of the Crystal Bed. Sessions are 40 minutes of private relaxation under the Lights of the Crystal Bed. Then Virginia allows the client time to share. She has the gift of "listening" and helps others become aware of the gifts within themselves. For those ready to take the step into our "Original Blessing" we invite the Healing and Holy Spirits into our lives to lift and support us on our journeys. Our challenges and difficulties are the gifts we are given to help us in our growth process. Are you willing to grow into your BLESSING?

*Healing with Light and Color Crystal Bed Therapy - \$50 for 40 min.
plus 10 minutes sharing and counseling of the experience*

Faye Henry - Using her voice, crystal bowls and other sounds, Faye uses sound to balance the energy systems of the body and activate the body's natural inclination to health and well being. Sound, in the form of music, singing, chanting, and nature sounds have been used for relaxation and healing since ancient times. Daily relaxation is very important to regaining and preserving health of the human body. So come play with sound and experience it for yourself. Faye will open the Akashic records and work with the information she finds there to tailor your session especially for you, or will do an Akashic Record Reading for you if you request it. Edgar Cayce said "The medicine of the future is sound." The future he spoke of is now!

Tarot Readings - \$50 for 30 min.

Steve Krejcik uses Shaman techniques of Illumination, Soul Retrieval, Destiny Retrieval, Mythic Mapping, Extractions, and other practices of the Q'ero Shamans of Peru. You will feel the energetic release and shift in just one session. This session will be the first step on your personal journey back to wholeness. We have a luminous energy field that surrounds our physical body. Just as we can hurt our physical bodies, we can hurt our luminous energy field. Pain or trauma will leave etchings - "cuts" - in our luminous energy field. When our luminous field gets cut, the emotion that cut it will sit in it like an infection. We draw into our life the same events or type of people over and over again until we heal it. A medical doctor will clean out a cut to the physical body and maybe stitch it so it will heal; a Shaman does the same to the luminous field. Healing of your luminous energy field will clear the "infection" so that the pain is permanently gone. When you remember the memory, it is like looking at a photograph of someone else. Anyone can come back into wholeness and be transformed to live the life they have always dreamed about and could not attain.

Shaman Healing Therapies - \$50 for 30 min. or \$90 for 60 min.

Anna Palmer, RN, RPP, CPE - A Polarity Therapy session consists of directed touch to trace and stimulate the underlying energetic patterns in the body. The client remains fully clothed during the session, and may experience tingling, warmth and wavelike movements as the body releases holding patterns and energy pathways are restored. Suggestions for diet modifications and Polarity Yoga postures may also be made to support healing. The results include profound relaxation; improved sleep, appetite and digestion; increased vitality and clear and balanced emotions. "*The work of the polarity therapist is to release tension and resistance in the body, to bring the physical into deeper harmony with the Soul*" - Bruce Burger, Esoteric Anatomy

Polarity Therapy Session - \$50 for 30 min. or \$80 for 60 min.

Jan Posey - Wave laser therapy sessions are very popular because they donate energy to body cells that stimulate the mitochondria or the part of the cell which makes energy called ATP. ATP or Adenosinetriphosphate is the energy molecule which governs 89-90% of the cells activities. Cold lasers or healing lasers work in much the same way that sunlight works on a garden. The sunlight donates energy in the form of photons which in turn stimulates plants and vegetables to grow faster and more efficiently. Low level lasers work in the same way of donating photons or energy which in turn regenerates tissues and cells.

Therapy Sessions with Wave Laser - \$30 for 30 min.

This enables him to access information from all aspects of an individual's complex bodies: physical, mental, emotional and spiritual.
